

excluded imputed credit expenses from the pool of expenses used to calculate the actual CEP profit percentage. Because the actual interest expense of LGS was captured in the profit calculation there is no need to include an amount for imputed interest. See Comment 10, above.

Final Results of the Review

As a result of this review, we determine that the following weighted-average dumping margins exist for the POR:

Manufacturer/exporter	Percent Margin
Hyundai Electronic Industries, Inc	0.00
LG Semicon Co., Ltd	0.01

The U.S. Customs Service shall assess antidumping duties on all appropriate entries. Individual differences between United States price and normal value may vary from the percentages stated above. The Department will issue appraisal instructions concerning each respondent directly to the U.S. Customs Service.

Furthermore, the following deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of these final results of administrative review, as provided for by section 751(a)(1) of the Act: (1) The cash deposit rate for the reviewed firms will be zero percent; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or in the original LTFV investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) if neither the exporter nor the manufacturer is a firm covered in this or any previous review conducted by the Department, the cash deposit rate will be 3.85 percent, the all others rate established in the LTFV investigation. Samsung Electronics Co., Ltd. (Samsung), formerly a respondent in previous administrative reviews, was excluded from the antidumping duty order on DRAMs from Korea on February 8, 1996. See Final Court Decision and Partial Amended Final Determination: Dynamic Random Access Memory Semiconductors of One Megabyte and Above From the Republic of Korea, 61 FR 4765 (February 8, 1996). These deposit requirements shall remain in effect until publication of the

final results of the next administrative review.

This notice serves as the final reminder to importers of their responsibility under 19 CFR 353.26 to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective order (APOs) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 353.34(d). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This administrative review and notice are in accordance with section 751(a)(1) of the Act (19 U.S.C. 1675(a)(1)) and 19 CFR 353.22.
